---

Absolutely! This version is very similar to the last one you read.

Just so you know what I've been up to .....

I wrote two different beginnings, one which started at school and the current one beginning with the Tarot. I also removed the current chapter two and gave the versions to 12 readers. Hands down, the version you're reading was preferred.

I took suggestions from the readers and incorporated them. Now when you read *Masqued*, Anna tells you in chapter 1 that she's a blood-witch (she also shows this by the reading she does and the vision). Chapter 2, Anna explains that all blood-witches have 1 or 2 of the 13 powers. Marcheline demonstrates a power in ch 2.

Little things like that so that the reader and Anna both know she's a magical being.
